CD NAP

What are we striving for?

- ∞ Quality improvement in lives of clients living with:
 - Diabetes
 - Hypertension
 - Cardiovascular Disease
 - COPD
- ∞ Promote capacity building in communities
- ∞ Better communications across jurisdictions and health systems
- ∞ Support client self-management programs
- ∞ Provide holistic Cultural approaches to education

CD NAP

Guiding Principles

- ∞
Maximize positive health outcomes for clients with a chronic disease
- ∞
Incorporate a holistic approach to client care and services
- ∞
Provide more equitable and seamless care
- ∞
Utilize technology effectively to enhance care and minimize barriers.
- ∞
PLEASE VISIT OUR WEBSITE:
It includes a health care registry and information on chronic diseases for both health care providers and clients.
